THIS IS NOT A NEW SALE—

2924 Shorthorn bulls and females have been sold in these Mid-Kansas Sales to buyers from California on the west coast to Texas on the Gulf, and to the Dakotas on the north. Here's one of your finest opportunities to join the continually growing list of satisfied customers of Mid-Kansas bulls and females.

STANDARD GUARANTEE

(Recommended by American Shorthorn Association)

- A. Proper care must be given to purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf, must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy, if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

MANAGER'S MESSAGE

The Mid-Kansas Sale again offers a fine selection of big strong aged bulls ready for service. All will be old enough for service by the breeding season. Most will be past two by then. There are several white and roan bulls. More cattlemen are selecting The Shorthorn and Polled Shorthorn bulls to cross with whiteface, blacks or black baldies. One rancher recently purchased nearly 40 Shorthorn and Polled Shorthorn bulls for crossing on black baldies. Nearly all of those bulls were purchased in Kansas. Another rancher just recently took 19 for a similar program.

If you need more milk in your cattle, these Shorthorn can do that for you. Now is the time to switch to the "super exotic", the first to come to America, and have proven themselves for over 200 years.

We also have a good set of females consigned. Several cow and calf pairs, some good bred females, and a few open heifers. Some of these heifers will be of the right age for 4-H or FFA projects.

I would like to encourage you to be in Salina April 4 for the sale to select those bulls that will make that improvement you might need in your herd. Buy that bull that will add the length, and elevation and still have the beef to go with it. The best herd sires in the U.S. and Canada are prepresented in this sale.

Plan to attend the informal banquet Wednesday, April 3, at 7 P.M., at the Holiday Inn. This is a get together for everyone. Come as you are, If you haven't made reservations, come anyway.

Bids can be given to any of the representatives or sale manager. Phone calls can be made to the sale barn at the fairgrounds. 913-823-9728.
